

INTERoperability Standards for Unmanned Armed ForCes SysTems

ENHANCING THE CAPABILITIES OF EUROPEAN ARMED FORCES

- ▶ **Propose**
a set of interoperability standards for unmanned systems;
- ▶ **Demonstrate**
the effectiveness of the open architecture and interoperability standards;
- ▶ **Facilitate**
that the required resources will be exchanged rapidly and reallocated;
- ▶ **Integrate**
the standards in an interoperability open architecture of unmanned systems;
- ▶ **Enable**
a smoothly adoptable composition of systems and teams;
- ▶ **Reduce**
the system downtime by optimally distributing and exploiting systems or system parts.
